A set up for another Holocaust Help us before it's too late

The Holocaust has parched itself into the consciousness of Jews, and after more than forty years its impact is felt even more ardently. The mood was set to kill the Jew in Europe and Spain. Barely a month goes by that doesn't mark the emergence of a book or movie or study on the impact of this austere period in our history. Before World War II, roughly 8,700,000 (Eight Million Seven Hundred Thousand) Jews lived in Europe. By war's end, some 6,000,000 (Six Million) of them had been murdered. That is the end of the story, but where does it end? Believe it or not, it still hasn't ended. They are trying it again with another group of people- the Nuwaubians!

Rabbi Dr. Malachi Zordok Yorkel, barmitsvahed in 1958 A.D. by Rabbi Matthews of the Moorish Zionist Temple

As many of you know, the founder of the Nuwaubians is Rev. Dr. Malachi Z. York. As a Hebrew, Rev. Dr. Malachi Z. York was Bar mitz vahed in 1958 A.D. by the Great Rabbi: Wentworth Arthur Matthews of Harlem at age 13. Rabbi Matthews was the leader of the Moorish Zionist Temple of the Moorish Jews. This is where the word Moor comes from, from the Moorish Science Temple. Through the school of Judaism, Reverend Malachi Z York translated the Torah and the Psalms from the Ancient Aramic Hebrew into English.

Long before any Moorish Science Temple came into existence, Rabbi Matthews called his temple, The Moorish Zionist Temple of the Moorish Jews. This lets you know that he was affiliated with the Moors. Also, if you look at the organization called Ethiopian Hebrew Congregation in which Rabbi Wentworth Matthews was a practitioner, they have on the first page of a book entitled, How the Hebrews Became Jews, put out by the Ethiopian Hebrew Congregation, "To my grandmother, Hannah Melchezedik, granddaughter of a Moraccan Hebrew King who was married to a Scot, Peter Malcolm, and to their child, my mother, Ada Malcolm." This dedication points out the Móroccan involvement to make the point that Rabbi Matthews was also involved with the original Moorish movement. This goes back to the word Moor, where the word Moroccan came from. The word Moor is derived from the Latin word "Mauri" meaning a "deep dark-brown." Which comprises the western portion of modern Algeria and the northeastern portion of modern Morocco.

During the Middle Ages, Jews lived in Eastern Europe, occasionally in cities but more frequently in **small communities** (*shtetlach*; singular, *shtetl*) where they had vastly developed community institutions. The Eastern European *shtetl* exists only in memory and in artifacts. It was the foundation of the majority of American Jews whose grandparents arrived in the great waves of immigration around the turn of the century. Although there are still a few Jews living in Eastern Europe, the wealthy and essential world of Eastern Europe Jewry perished in the dreadful Holocaust.

The Holocaust came about mainly as an effect of an environment of anti-Semitism that had saturated European

Rabbi Wentworth Arthur Matthews Leader of the Moorish Zionist Temple of the Moorish Jews of Harlem

many Jews left the country, others chose to remain and converted to do so. Some of these converts secretly practiced Judaism and came to be known critically as Marranos (Moreno; Moors). According to the American Heritage Dictionary, Marranos means a Spanish or Portuguese Jew who was forcibly converted to Christianity in the late Middle Ages but who continued to practice Judaism in secret. In Spanish, it means swine, Marrano (from the Jewish prohibition against eating pork). It was done to be insulting, however, this word also stems from the word "Moreno," which means "Black" as in supreme balance-ment, not the color, as in the group of people known as Moors.

Throughout the centuries, anti-Semites manufactured a number of **calumnies** (*a false statement maliciously made to injure another's reputation; the utterance of maliciously false statements; slander*) to provoke resentment against the Jews on the part of the public. These accusations motivated mobs of hysterical fanatics and encouraged them to vicious physical attacks on Jews. Such attacks, known in Russia as **pogroms**, were often **instigated by government officials** and assisted by church leaders. According to the American Heritage Dictionary a **pogrom** is an organized, often officially encouraged massacre or persecution of a minority group, especially one conducted against Jews.

Centuries of anti-Jewish teachings fashioned fertile ground for the seed of Nazi hatred to flourish. The people had been trained to loathe Jews and to see them as something less than human. Thus they could justify the elimination of the Jews, not as murder, but as the removal of a cancerous element in society or the destruction of parasites or pests.

Millions of people from many ethnic backgrounds were killed in Nazi extermination camps, but **Adolf Hitler** single-mindedly pursued with fierce passion his goal of annihilating the Jewish people. He conceived of it as "the final solution of the Jewish problem." The horrid destruction of some six million Jews (including one and a half million children) is well documented and need not be elaborated here. The names of Aushwitz, Bergen-Belsen, Dachau, and many more camps remain glorified in the memory of the generation that witnessed the mayhem and those who have learned of it since. The riddance of over six million individual human beings solely because they were Jews is its own kind of terror.

customs for several hundreds of years. Anti-Semitism, the absurd revulsion of Jews, can be traced back to at least New Testament times. However, Jews date back further than that. The pattern of hatred, launched early on by the Church fathers, continued throughout the following centuries. Anti-Jewish sentiment was seen in the activities of the Church Office of the Inquisition. Under Church influence, King Ferdinand of Spain expelled all Jews from his realm in 1492 A.D. While

Putnam County Sheriff Howard Sills plans to reattack Nuwaubians' land

This time he "wants BLOOD"

Sources have revealed that Putnam County Sheriff Howard Richard Sills is planning on killing all Nuwaubians at 404 Shady Dale Rd. But not just the Nuwaubians who reside on the property, but throughout Eatonton and wherever he finds them. Sheriff Howard Richard Sills is talking amongst his circle of friends and apparent henchmen. And this is what he has been quoted as saying "I am going to clean up this mess once and for all," "I have had enough of this Nuwaubian bullsh-t," "I am going to do what the Feds were afraid to do," "I am going to put an end to those flyers and books." And by that, he intends to KILL everyone at 404 Shady Dale Rd. Sheriff Howard Richard Sills does not care about the so-called victims. He could care less about a bunch of little black kids who claim they were abused. He is using them for his own motives. These so-called victims (who are basically poor and homeless) were offered blood money and were put on a "confidential payroll" to say all of these false accusations against Rev. Dr. Malachi Z. York in attempt to destroy the organization. This is all about stopping the doctrine of truth.

Putnam County Sheriff Howard Richard Sills on the phone possible planning the attack

Sheriff Sills at the prosecution table in court hearing against Nuwaubians. He will do whatever it takes to stop them.

Remember, it was reported in 1999 A.D. by sources at the Macon Telegraph that Sheriff Howard Richard Sills was rumored to have said, "I'm going to have to do a Waco on them (the Nuwaubians)." Make note that shortly after word got out about his plans to murder Nuwaubians, on July 30, 1999 A.D. Sheriff Howard Richard Sills said on Channel 26 ABC News, and we quote: "Every incident involving every one of those groups ended in some sort of tragedy did it not?" This was a confirmation of those rumors.

And if you recall Sheriff Howard Richard Sills was coming to 404 Shady Dale Rd. every other day with papers to serve people that he knew did not live at 404 Shady Dale Rd. The entire "I'm here to serve so and so" is just a front to get onto the property and start a confrontation. Don't think that Sheriff Howard Richard Sills is waiting to get a warrant or some other official paper to execute his plans.

The plan is to make it look like it is the Nuwaubians' fault. He has plans on inciting a riot by starting some trouble at the entrance gate. When he doesn't get the response he wants, that is when the explosives will start, because he is going to start shooting. Everybody knows that when shooting starts nobody asks questions; they just respond by doing more shooting. The questions are asked later- after the loss of many innocent lives.

See SILLS' ATTACK, page 7

What did stopping the Nuwaubians do toward Putnam County?

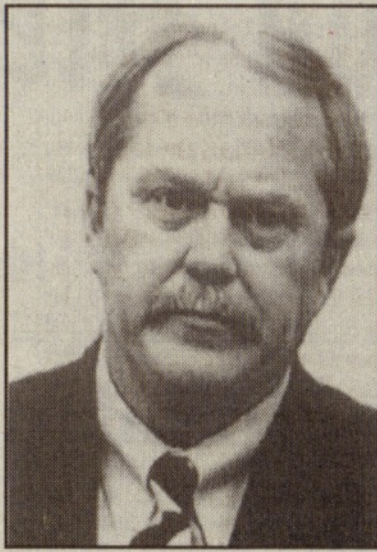

Enough is Enough! Yet again Sheriff Howard Richard Sills has acted against the best interest of Putnam County and its citizens by taking his personal vendetta against Rev. Dr. Malachi Z. York to a whole new level. The expenses attached to the case against Rev. Dr. Malachi Z. York and Mrs. Kathy Johnson and their former co-defendants have put Putnam County further into bankruptcy! Yet again, Putnam County officials' ongoing effort to promote hatred of the Nuwaubians has backfired. This is the same blinding prejudice that has caused those in leadership positions within the county to continually work to suppress the Nuwaubians efforts of building an Egyptian-style theme park that would have, and still can bring millions of dollars in revenue and new employment opportunities to Eatonton. **"No one wins the race in racism"**

Take for example one of the world's most famous family amusement parks, Disney World, located in Orlando, FL! The city of Orlando rejected the idea in the beginning, now it is Orlando's main attraction and main source of revenue. This is

the same idea the Nuwaubians had for Eatonton. It is a shame that because of a few ill-intentioned county officials, Eatonton is best known for racial persecution and political corruption, instead of a resort for families. They accused Nuwaubians of stockpiling weapons, poisoning the water system because of a landfill (which never existed), running an illegal nightclub, and running an illegal taxi service. These are just a few of the

accusations that these officials have launched against the Nuwaubian, all of which turned out to be slanderous propaganda perpetuated by corrupt county officials who seek to control the economy of the county for their own selfish agendas.

If Putnam County had worked with the Nuwaubians, where would they be?

Putnam County Sheriff Howard Richard Sills has blocked the Nuwaubians from prospering

People of all races would have jobs, better education, health benefits, etc. and all of this could have been accomplished by allowing the Nuwaubians the right to develop their land into a theme park for Putnam County's economical development.

With the fact that unemployment rates are on the rise, and that the economic system is slowly failing, how can city officials afford to block a plan that would create jobs and boost the economic system in Eatonton? There are only a limited amount of people in Eatonton that actually work within the city limits, the remaining are forced to travel to neighboring cities and even as far as Atlanta, Macon and Athens in order to find jobs to support their families. Eatonton city officials have ignored the

problem and refused to systematically find a solution to the many problems that plague the county and the city alike. Eatonton will continue to lose government funding for economic and community development because its college graduates will go to bigger cities searching for career opportunities and financial security.

It is a known fact that in the metropolitan areas, the crime rate is much higher than in smaller cities, this is why most people choose to live in small towns. The sad fact is people who are forced to commute are putting themselves in jeopardy of being victims of random acts of violence.

Eatonton has a high rate of juvenile delinquency. It is quite simple; they have nothing else to do! Sheer boredom is causing Eatonton's youth to experiment with drugs, alcohol, and cigarettes while being influenced by violent gangs that promote criminal activity. They are being forced to see no future in this little town of Eatonton. We are literally losing our children. "Idle time is the devil's workshop", is obviously true. This is killing the future

Putnam County Patterns York Case after MOVIE!

"Charges So Shocking, The Truth Didn't Matter"

Starting January 27th 2003, Newton County will be hosting one of the most publicized and highly profiled cases in Georgia's history. The case of Rev. Malachi York and Kathy Johnson and the 208 alleged child molestation charges launched against them by a disgruntled son, several vindictive women and a power hungry sheriff. Both of the defendants have maintained their innocence and the evidence supports their innocence, even to the point where all 5 of the children taken by the Department of Family and Children Services (DFACS) to be investigated for molestation and abuse were returned to their families with no signs that they had been sexually molested in any way by Rev. York or any of the other

defendants. The most disturbing aspect of the prosecution's whole case is how the steps taken by the District Attorney Fred Bright and the other prosecutors are IDENTICAL to that of a case that took place in 1983 A.D. in Manhattan Beach, California called the "McMartin Trials". This was a trial about a family that owned and operated a preschool in Manhattan Beach and was alleged to have sexually molested over 200 children from ages 2 to 14 years of age. They ended up with exactly 208 counts against them; but after 7 years of trial and 16 million dollars paid by the state they all were vindicated of all charges in the end. In 1995 A.D. there was an HBO movie entitled "Indictment" (ISBN 0-78310-

853-2) that was a re-enactment of this actual trial. Citizens of Newton County need to be made aware that this Copy-Cat Prosecution has similarities that are so close and so identical to the McMartin Trials that it is terrifying knowing that human lives are at stake. However, we encourage you to see it for yourself!

This movie is based on a true story and is the complete embodiment, pound for pound of what is taking place in the case against Rev. York, Kathy Johnson, Chandra Lampkin, Khadijah Merritt and Istyir Cole. It is beyond coincidence. The similarities are frightening. It happened to them and it can happen to you!!! Now, see for yourself!

Who is this man you accuse?

For over 30 years, Noble: Rev. Dr. Malachi Z. York has been involved in philanthropic activities. He gives constantly, lending a helping hand in so many ways to people who needed it most. Not only has he helped to educate the community, he has also helped to educate the world through his lectures and publications. He is a humanitarian; he always gives to the needy or the less fortunate. The Noble Rev. Dr. Malachi Z. York has given over hundreds of thousands of dollars to many organizations, including a Pine Forest Middle School in Jacksonville, Florida where his portrait hangs on the wall today. Beneath his picture are the words "The Top Donator, Rev. Dr. Malachi Z. York". Rev. York has also donated to the American Cancer Society and The Smithsonian Institute.

Noble: Rev. Dr. Malachi Z. York is a man of integrity and is being unjustly incarcerated without bail because of who he is, a Black leader

For years, Rev. York has fed the needy on Thanksgiving Day and gave away turkeys to needy families in Eatonton, Georgia. Over the years, he has donated Christmas toys to the children in the community of Eatonton. For those parents who didn't feel it was safe for their children to "Trick or Treat" during the Halloween holiday, he created a safe environment at the "Al Mahdi Shrine Temple Park" in Eatonton, Georgia, known as the Holy Land of Tama-re for children to celebrate "Halloween".

Noble: Rev. Dr. Malachi Z. York is a member of "The Sheriffs Association" to whom he donates yearly. He is a contributor to the "Make-A-Wish Foundation", an organization devoted to making children's wishes come true, especially for terminally ill children. The Make-A-Wish Foundation has been making wishes come true for children since 1980 A.D. He is also the Executive Director of The Medical Association of America, Inc., which has partnered with The Sickle Cell Foundation, a non-profit organization in search of a cure for Sickle Cell Anemia. His sponsorship and involvement in this program has helped them come very close to developing the cure for millions of people carrying the Sickle Cell Anemia disease. One of the most inspiring stories of his philanthropic endeavors is a campaign known as "A Moment of Joy" where members of the Al Mahdi Shrine visit neighborhoods in Georgia, lending a helping hand to elderly people. Many of our elders are being neglected. Some of them may need heating on a cold winter night or even renovation of their living quarters these are just a few of the many projects "A Moment of Joy" provides for the Georgia community. Rev. York also initiated another humanitarian project, a transportation unit for our senior citizens by having taxicabs available to take elderly citizens back and forth to doctor's appointments as well as to church services on Sundays.

Since coming to Georgia Rev. Malachi Z. York has been the victim of character assassination. It is sad, but there is no logical explanation for the life altering treatment of the Nuwaubians or Rev. Malachi Z. York. Race should not be an issue when people want to build a better life for themselves and others. Look what it's done to Rev. York. What happened to Rev. York's image as a Rabbi, as a Doctor, as a Reverend, as an Al Mufti, as a Grand Potentate, and as a Noble? Since coming to Georgia, Rev. York has been misrepresented by the media working along with local town officials, who have accused Rev. York of being a convicted felon. He **HAS NEVER BEEN A CONVICTED FELON**. Attorney Jonathan Marx out of New York verified that the Rev. York was not a convicted felon years ago, but the media continues to publish this unethical information as news. They were all lies created by Putnam County officials to turn people against Rev. York. Various Nuwaubians have been in and out of court over county zoning violations for over five years, and after this time when it was clear that Putnam County was not getting what they wanted (which was for the Nuwaubians land), they came up with

something else - CHILD MOLESTATION. The truth will come out in court, and the world will see that the man they accuse is a man of God - an honest and respected figure worldwide.

Noble: Rev. Dr. York does not hurt children! Just ask **Make-A-Wish Foundation**, who received a \$20,000.00 donation from him through the Al Mahdi Shrine Temple. Ask the girls of the **Atomic Stars Track Team**, who were let down by the entire city of Macon. Noble: Rev. Dr. York stepped in and gave them \$4,000.00 so they could go on to Lincoln, Nebraska to compete in the National Track Meet there. Ask all the **children's hospitals** in Middle Georgia where the Al Mahdi Shrine has visited, what they think about the man being

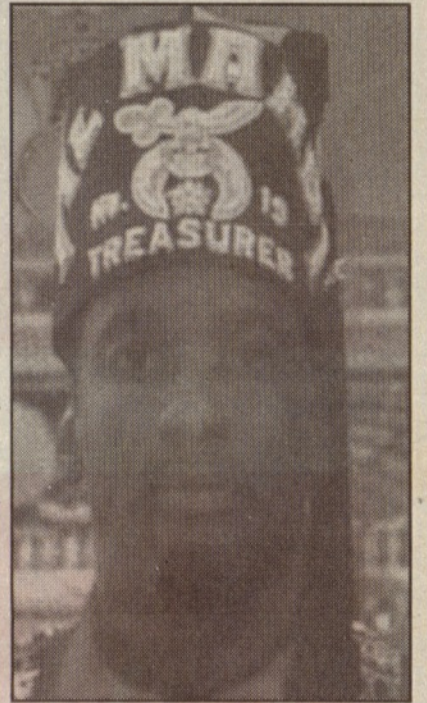

accused. The Al Mahdi Shrine has visited numerous children's hospitals, where each child was told to make a wish. Most children asked for various gifts, in which they received. One child, **Breon**, who suffered from sickle cell anemia, was not only given a Play Station, but was also given a cure for his sickness. Dr. Michael Wilburn of the Al Mahdi Shrine found a cure for sickle cell and it has worked for Breon. Ask him and his parents how they feel about Noble: Rev. Dr. York. Ask **Desmond Taylor**, who was struggling to finish college, and sought help. It was Noble: Rev. Dr. York who decided to set up a scholarship fund to help Taylor and other students like him. He received the \$3,000.00 he needed to finish school. Ask the elementary schools, middle schools, high schools, the Boys & Girls Clubs, who have all been helped in some way by the Al Mahdi Shrine Temple and Noble: Rev. Dr. York directly. Not to mention the numerous elderly homes that members of the Al Mahdi Shrine visit. Hundreds of letters pour into the Al Mahdi Shrine office daily from people, businesses, organizations, schools, hospitals, etc., all thanking Noble: Rev. Dr. York and the Al Mahdi Shrine for their donations and time. This man accused is a God-fearing man.

Noble: Rev. Dr. York is an educated man who has traveled the world and has studied in universities in Egypt, Sudan and America. He is a specialist in Ancient Semitic languages, translations, and a dynamic speaker with supporters worldwide. He has written over 360 books, all in a 30-year period of his life. Amongst the Arabs of Al Islam, he was known as As Sayyid: Issa Al Haadi Al Mahdi, or simply Imam Isa. Amongst the Hebrews Israelites, he was known as Rabbi: Yashu'a Bar El Haady. He had his Bar Mitz Wah by the great Rabbi: Wentworth Arthur Matthews of Harlem, at the age of 13 and Rabbi: York translated the Torah and the Psalms from the Ancient Aramic Hebrew into English. Amongst the Christians, and he is still a Christian, he is known as Reverend Dr. Malachi Z. York, Pastor and founder of The Egiptian Church of Karast "Christ" Inc. Rev. York translated and explained the Book of Revelation, from Galilean Arabic and the Ancient Greek.

They point out that Rev. York is known by many names and has changed the name of his organization over and over again, when in fact; he has started new organizations that function separately from the others. Not to mention, his many titles are well earned and deserved. So when Rob Peecher says, "He claims to be ..." he is wrong. He doesn't "claim" or "call" himself anything. He is a Rabbi! He is a Reverend! He is an Al Mufti! He is a Grand Potentate! He is a doctor! These are tactics to belittle and demean Noble: Rev. Dr. York, as if he just woke up one morning and said, "I want to be a Rabbi today." It is very clear that he is being targeted like the many Black leaders before him and the Black leaders of today. This is prophecy, read Matthew 24 and Isaiah 52. It is written in the word of God. Do some research into the history of Black organizations and find out about this pattern of destruction Nuwaubians refuse to be repeated.

Southern Poverty Law Center contradicts mission of tolerance

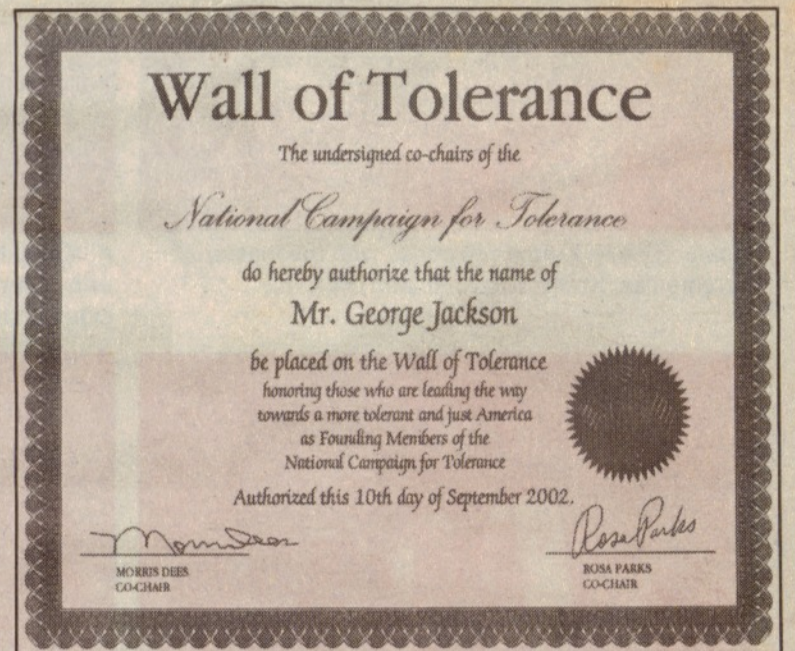

The Al Mahdi Shrine has many members in its fraternal organization national and international. Members are from a range of professions with varying religious backgrounds. Shriners across the globe are known for their kind-hearted giving to medically disabled children and their charitable companionship to the elderly. The Al Mahdi Shrine has developed over the years an image within the community of Middle Georgia for bringing back to life the spirit of charity. The Southern Poverty Law Center (SPLC) and Mr. Morris Dees, its founder, has labeled the Al Mahdi Shrine a **Black supremacist hate group**, according to an article published in its fall edition of the "Intelligence Report." Those who are familiar with the term "hate group" associate it with groups like the Ku Klux Klan, the Neo-Nazis, and Skinheads; groups that throughout the history of this country have terrorized people solely on behalf of their religious beliefs and/or the color of their skin. This great country's constitution ensures that every person has the freedom to practice the religion of their choice without the fear of violence or unjust preju-

legal battles members of the congregation continue to endure. In the original article published by the SPLC, pictures of members of The Al Mahdi Shrine were used to give the public a visual image of the organization labeled as a "hate group."

This past September, Mr. Morris Dees personally wrote **Mr. George**

dices. The mission of the Southern Poverty Law Center is to give Americans a renewed opportunity to foster understanding and acceptance of all people. The American Heritage Dictionary defines "tolerance" as **the capacity for, or the practice of recognizing and respecting the beliefs or practices of others**. Now before Mr. Dees published an article about the Nuwaubians and the various religious and fraternal organizations they are members of, he should have done his homework and not rely on those who continue to interject false statements in slanderous articles due to the ongoing

His name was added to **The Wall of Tolerance** as an acknowledgement of his hard work and ongoing dedication to racial tolerance in the community he lives and works in. The letter states, "The Wall of Tolerance will give much deserved public recognition to people like you who stand for justice and practice tolerance in their daily lives...This beautiful Wall will be a visible, powerful symbol of unity and the strength of the Tolerance See **LAW CENTER**, back page

God's Law vs. Man's Law: Who is the True Judge?

The United States of America claims to be "One Nation under God," yet does not follow the laws outlined in the Holy Bible, which is the word of God. So whose laws do they follow? That's right, laws constructed by men! The laws of men are not actually laws at all but rules and regulations. How does this work? These men change the rules (law) to regulate their devilishment. And if you don't follow their rules then you get persecuted. For instance, Dr. Malachi Z. York has been persecuted over and over by these corrupt offices.

One of the many tactics used by these corrupt officials are WOMEN! This has been going on since the beginning of time. It started with EVE and the DEVIL. The Devil always tries to defame powerful eloquent Black leaders with Women. For instance, if you know Rev. Dr. Malachi Z. York, you know that he has been married to one woman, Mrs. Kathy Johnson York for fifteen years. So why does the media keep stressing "Main Wife"? What does this statement mean? Are you implying that Dr. Malachi Z. York has more than one wife as the prominent men of The Holy Bible did? Let's say that you the "Media" is implying this. Is it wrong according to The Holy Bible written with the FINGER OF GOD (Exodus 31:17, "And he gave unto Moses, when he had made an end of coming with him upon mount Sinai, two tables of testimony, tables of stone, Written With The Finger of God!")? Would Rev. Dr. Malachi Z. York be persecuted if people were being judged based on the laws of the Bible? God's law came down to Moses, then there are the Devil's (Man) laws; which law are we living by? For instance, Abraham, Jacob, and Solomon were all great men of the Bible; Jacob was married to Leah and Rebecca (Genesis 31:17), Abraham was married to Sarah and Hagar (Genesis 16:) and Solomon was said to have 700 wives and concubines (1 Kings 11:3). If they were doing something wrong, why would God make a covenant with Abraham and make him the "father of many nations" in Genesis 17:4 and 17:5? If they were doing something wrong, why was Solomon called one of the wisest men that ever lived who sat on the throne of a powerful kingdom? Boy, good thing these Men of God didn't live in Putnam County, they would have been persecuted by Man, although they were not persecuted by God. Again, whose laws do you follow, GOD'S

LAW OR THE DEVIL'S (MAN'S) LAW?

The battle is God's law versus the law of man. The Devil is running rampant and he is using the court system to do his devilishment. You cannot bring a Bible to the courthouse, yet when called to testify, what do you do? Place your hand on the Bible and "swear to tell the truth the whole truth and nothing but the truth." Here is something else that may surprise you: According to the Bible, swearing is the same as cursing, so this means when you swear on the Bible, you are cursing the Bible. When you are sworn into office or swear into court you have just cursed the Bible. Let's go to the word of God. In James 5:12 it says, "But above all things, my brethren, swear not, neither by heaven, neither by the earth, neither by any other oath: but let your yea be yea; and your nay, nay; lest ye fall into condemnation." They know what they are doing. And it's not a coincidence that they call themselves JUDGES! Research the word "judge" and you will find that "judge" is an English translation of the word GOD, which in Hebrew is ELOHEEM! According to the Online Bible, Strong's #430, Eloheem means "God, god, judge, GOD, goddess, great, mighty, angels, exceeding, God-ward, godly." Why? Because they want to sit on the throne (bench) of God, just like Satan in Isaiah 14:12-13, "How art thou fallen from heaven, O Lucifer, son of the morning! How art thou cut down to the ground, which didst weaken the nations! For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north." Yes, they put themselves on a throne giving themselves the power to take God's Law into their own hands with the words placed above them: IN GOD WE TRUST! The question here is, whose God? Let's see, where else can you find the words: IN GOD WE TRUST? Oh yes, the almighty DOLLAR BILL. These corrupt offices are obviously ruled by the ROOT OF ALL EVIL: THE LOVE OF MONEY (1 Timothy 6:10). So the caption in the courtroom above the Judge should read: IN OUR GOD (MONEY, GREED) WE TRUST (TRUST FUND). Then you have people like Sheriff Howard Richard Sills, who proves this further because according to his own words, he has no regard for the Almighty God. Yet. He represents

The First Amendment supports Nuwaubian flyers and newspapers

Once again, Sheriff Howard Richard Sills of Putnam County, and his crew, have lied to the public. And once again we have to set the record straight. It seems they feel it is okay to print their feelings and opinions in local newspapers, but it becomes a problem when we voice ours through flyers and our own newspaper. However, the difference is we print the facts – the truth and nothing but the truth so help us God. This article is simply a rebuttal to the latest lies that have been printed.

In The Telegraph dated December 27, 2002 A.D. in an article titled "Nuwaubians distribute flyers in Newton County," by Rob Peecher, it states: "Though Malachi York's trial was moved to Newton County because of pre-trial publicity, some of his followers are trying to get their view of the case to potential jurors before the trial."

When it comes to putting out one-sided information, we learn from the best, Rob Peecher. The difference is we print the truth. The only reason we felt compelled to put out information was because you did it first. Are we supposed to just sit back while all the major newspapers in Middle Georgia print lies and only Sheriff Sills' side of the story? And don't say, "Nuwaubians won't talk to the press" as an excuse. We tried that, and our words were switched around and we were made to sound crazy. What would be the point if we were just going to be misquoted? So, due to all the slanderous articles that have been printed in your newspaper, The Telegraph, Bill Osinski's Atlanta Journal-Constitution, Jena Frazier's Union Recorder and just recently The Newton Citizen, it is our right to print the facts and clear the names of our loved ones and our organization. So, Rob, you did it first and what you see now is simple retaliation.

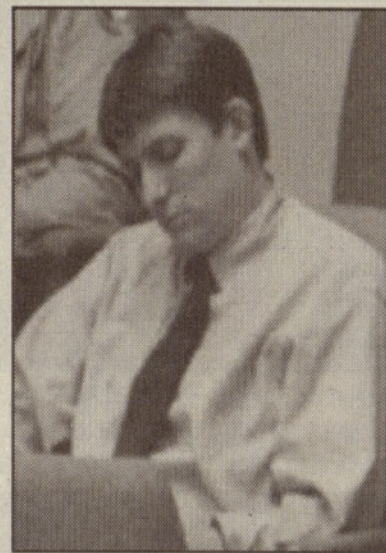

"The flyers contain information and opinions mostly about Putnam County Sheriff Howard Sills and the case against York... District Attorney Fred Bright, who is prosecuting York and the woman referred to as his 'main wife,' Kathy Johnson, said the flier and newspaper appear to be intended to sway potential jurors."

So what was "Cult Leader Ignored His Own Rules" which was written by a Mr. Bill Osinski for the Atlanta Journal-Constitution, all about? Talk about "opinions"! This was not only an article, it took up four pages of the newspaper, and it was all slanderous and all lies. It's real funny how certain newspapers can print slander about Rev. York and the Nuwaubians (and have been doing so for years), but as soon as a flier is printed or a newsletter stating the truth, it becomes a problem. Now District Attorney Fred Bright is accusing us of trying to sway the minds of potential jurors. NO! We are just printing the truth. If someone lies on you, what do you do? You set the record straight, and that is all we are doing.

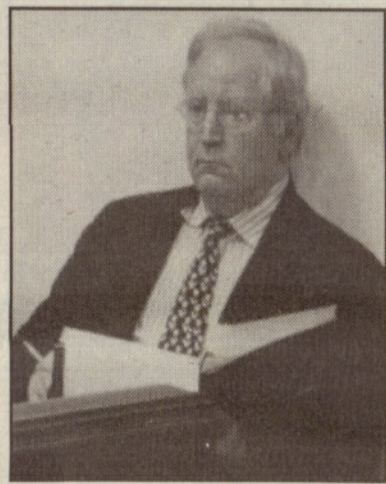

"An eight-page tabloid newspaper – the Macon Messenger – being distributed in Newton County contains two stories. One story refers to Sills as 'a John Gotti hiding behind a badge'...It provides criminal histories of several current and former Putnam County officials and their relatives."

When you point the finger at someone, aren't there three fingers pointing right back at you? Thus, when they kept pointing the finger at Nuwaubians and trying to convince the public that we were a bunch of criminals, those three fingers pointed out who the real criminals are- Putnam County officials. Research for yourself. Most of them have been arrested and brought up on charges, but it is always swept under the rug.

"The flier compares the prosecution's case against York to a child sexual abuse case in California where the defendants

Rob Peecher of The Telegraph has been known for reporting bias articles

Bill Osinski of The Atlanta Journal-Constitution has also been known for reporting bias articles

were exonerated. The story was made into an HBO movie titled 'Indictment.'... Bright said the district attorney in Newton County faxed him a copy of the flier comparing the York case to the HBO movie. 'I can tell you I've never even seen that HBO movie and have no idea what they're talking about. I'm prosecuting Malachi York, Kathy Johnson and the remaining three co-defendants based solely on the evidence produced as the result of the investigation,' Bright said. Because of the flyers distributed in Putnam County for the past few years, Bright said it doesn't surprise him that York's followers are attempting to sway opinions through pamphlets."

The case started August 12, 1983 A.D. and ended July 27, 1990 A.D. and took place in Manhattan Beach, California. How could Bright say he never heard of the movie or the case when it was the biggest child molestation case in America? As an attorney dealing with this type of case, the first thing you do is research other cases that are similar. Hence, the usage of case laws to help prove your case. Not only was it the biggest child molestation case in U.S. history, but also the case is almost identical to this case against Reverend Malachi Z York and the others.

From Newton Citizen, "Sheriffs seek to allay fears of Nuwaubian presence" by Ray Jones dated Saturday December 14, 2002 A.D.: "Putnam County Sheriff Howard Sills said Friday Nuwaubian activity has decreased dramatically since York was arrested in May, shortly after a raid on the Nuwaubian compound in rural Putnam County. 'We have not seen, since York's arrest, any sort of militant activity at any court hearing,' Sills said. 'It's just haven't been much of an organized presence... other than at these last three hearings.'"

Nuwaubian activity has not decreased dramatically. This is a lie. We have contin-

Holocaust

Continued from cover page

Although Jews were constantly faced with harassment, they learned to survive and keep their spirits alive by **organizing classes, lectures, musical events, and religious observances.** Why didn't the rest of the world get involved and help? There are several reasons, but none of them excusable: people were cynical of war massacre stories; all energies were being devoted to winning the war in the battlefield; lack of concern; and it was "only" the Jews. How sad that people just stood by and let it happen. Then after 6,000,000 Jews were killed, now people want to say they are sorry. They could have done this or that, but they did not.

Jews are often challenged: "Why can't you just forget the Holocaust? Why do you keep bringing it up?" They can't forget it because it was their family that was murdered. Jews throughout the world feel related to one another and feel that they are part of a large extended family. We bring up the Holocaust not simply because it is a Jewish tragedy. We talk about it because we believe that the world must not be allowed to forget it. The Nazis murdered twelve million innocent human beings, six million of them Jews. The lesson of the Holocaust is that a crime of such proportions must never be allowed to happen again. We keep the memory of the Holocaust before the world as a way of guarding against the unjustifiable destruction of any people. This includes the Nuwaubians. The Holocaust is happening all over again with us, Nuwaupians, because we don't believe as they believe. They even came to our land rioting with guns, rifles and tear gas. Officers from six different counties raided our land pointing guns at innocent people. Placing fear in the hearts of our children and babies. Yes, they are trying to have another Holocaust. They can't stand the fact that we have our own community that is growing fast. We don't need them. They are making people hate us like they did our Jewish brothers, but with help, we can stop them. **DON'T LET THIS BECOME A SET UP FOR ANOTHER HOLOCAUST: HELP US BEFORE IT'S TOO LATE!!!**

History will repeat itself

The following article was taken from *The Augusta Metro Courier* printed on October 17, 2002 A.D. in the Editorial Section:

Dear Editor:

It is uncanny how history repeats itself. It is darn near frightening. Jesus Christ was infiltrated and set up. It was only after Jesus was murdered that the world came to know who he really was and the power in his message. Dr. Martin Luther King Jr. and the SCLC was infiltrated by their own people to set him up. John Smith, the original founder of the Mormons, was infiltrated and set up. The list can go on throughout history.

And now the same thing is happening to Rev. Dr. Malachi Z. York. All leaders and politicians better watch out because the 1960s sweep of leadership has risen again. It is obvious who the J. Edgar Hoover of this day and time is and the puppets who execute their COINTERL-PRO operation.

The majority of time, these people betrayed those great leaders for money-blood money- just like Judas betrayed Jesus for 30 pieces of silver. Today, the authorities call it a "confidential payroll." For all the young people who don't know their history, go look it up because you could be the next victim. - T.M. Jones, Augusta, Georgia

ued to do the same things we do every year, parades, community service, various holiday events, etc. In fact, we have had even more events than usual to raise funds to pay for this extensive case. Oh, and by the way, there has NEVER been any sort of militant activity at all by the Nuwaubians. This is an old lie. Members of the Al Mahdi Shrine Temple were on the property a few times rehearsing for a parade, and because many of them had on black sweat suits, they were accused of doing some sort of militant activity. This was one of Sheriff Sills' tactics to have the public thinking the Nuwaubians were a dangerous cult.

"As an example, Sills said, about 5,000 celebrated Savior's Day, York's Birthday, in 1998. At this past year's event, Sills estimated about 500 people

attended."

Now this is a joke. Sheriff Sills is doing his best to try and downplay the Nuwaubians and their support of their Master Teacher, Rev. Dr. Malachi Z. York. In 1998 A.D., there were over 30,000 people on the land at 404 Shady Dale Road, not 5,000. We have the records of everybody that comes in and out. We don't just hop in a helicopter, fly over and do some estimation. We have the actual numbers. Not to mention, Sills never came onto the property during that time to count each person, so his numbers are way off. And this year, we had over 15,000 people, not 500. There are more than 500 people here every weekend for church service.

"The only people who have been physically assaulted by people associated with the Nuwaubians were reporters, he (Sills) said."

This is more slander. It was never

Sills' Attack

Another plan was to come before dawn like they did Yahweh Ben Yahweh when everybody is caught off guard and in a daze. They intended to come before dawn on May 8, 2002 A.D., but fate would have it didn't go that way. Sources say Sheriff Howard Richard Sills made the remark that the Feds didn't want to complete the job because it was getting dark. In so many words, he literally said the FBI didn't do a proper job and they should come back. And that's exactly what he's planning to do - COME BACK, but this time with heads rolling, big and small. Sheriff Howard Richard Sills was heard saying he doesn't care he wants all Nuwaubians wiped out. He plans to target Nuwaubians by their license plates, clothing, jackets, hats and any type of paraphernalia affiliated with any organization that is associated with the Nuwaubians. **BE CAREFUL AND BEWARE!** You know what they say about a vicious dog that is backed into a corner. They have nowhere to go but out at you. They attack. Sills is backed into a corner because his plans thus far have not worked. He thought the organization would crumble once they incarcerated Rev. Dr. Malachi Z. York, but the Nuwaubians kept on going. Sheriff Howard Richard Sills stated himself in the *Newton Citizen*, "Sheriffs seek to allay fears of Nuwaubian presence" by

Ray Jones dated Saturday December 14, 2002 A.D. that the Nuwaubians are still functioning, albeit in smaller numbers. *"Putnam County Sheriff Howard Sills said Friday Nuwaubian activity has decreased dramatically since York was arrested in May, shortly after a raid on the Nuwaubian compound in rural Putnam County. 'We have not seen, since York's arrest, any sort of militant activity at any court hearing,' Sills said. 'It's just haven't been much of an organized presence... other than at these last three hearings.'"*

Just imagine, this slander, smear campaign and death threats have gone on for over 4 years. The allegations Sills and the Putnam County Officials made about the Nuwaubians created a FALSE perception of the Nuwaubians as armed and dangerous, and the 404 Shady Dale Road as an armed compound. When in truth, residents and visitors found on the property that day were proven to be law abiding god-fearing American citizens. Not once during any visit to the property by Sheriff Sills in 1998 A.D. by or on May 8, 2002 A.D. when the FBI came to the property to execute a No Knock Federal Search Warrant has there been any illegal firearms or stockpiling of weapons anywhere on the property. Please note during the first time the FBI came to the 404 Shady Dale properties they left peacefully, showing Sills claims as completely baseless. This is the same sentiment expressed by newscasters on the CBS

News broadcast, which aired May 11, 2002 A.D. at 7AM. When the interviewer asked Sheriff Sills why that type of force was necessary, he stated he used extreme force because the Nuwaubians were a "cult", yet another falsehood. Sheriff Sills, you have overstepped your bounds this time, inciting unnecessary alarm among law enforcement officials through your own personal vendetta against the Nuwaubians, risking the lives of babies, children and women.

Sources also reveal that Sheriff Howard Richard Sills is not sure how to execute his plans yet, but he will have it together within a week or two before January 20, 2003 A.D. So, are the Nuwaubians afraid? **NO!!!** They are confident and in the body of Christ. We have told you all this man seems to have a personal vendetta against Rev. York and all Nuwaubians. **GOD HAS MADE A WAY AND GOD WILL MAKE A WAY.** We will be like Daniel in the lion's den. **Daniel 6:20-22** says, *"And when he came to the den, he cried with a lamentable voice unto Daniel: and the king spake and said to Daniel, O Daniel, servant of the living God, is thy God, whom thou servest continually, able to deliver thee from the lions? Then said Daniel unto the king, O king, live forever. My God hath sent his angel, and hath shut the lions' mouths, that they have not hurt me: forasmuch as before him innocency was found in me; and also before thee, O king, have I done no hurt."*

Stopping

of Eatonton because the current county and city administration have given our youth no avenues for success in life, by going to college, getting good jobs and becoming respected citizens of our county.

The City of Eatonton only has two employment agencies, **B&J Rentals Inc. and Talent Tree Staffing.** Compare this to Atlanta, which has hundreds of employment agencies. That means there are only two small companies that are interested in finding jobs for citizens in the town of Eatonton.

Just think about how far the town of Eatonton would be if the Nuwaubians had not been continually blocked from developing their vision of a theme park. The town could have tied themselves into the Park. Why would city officials block a plan that could have brought prosperity to Eatonton? **Perhaps because he was so afraid that Rev. Dr. Malachi Z. York would reveal the cities corruption?** What kind of corruption you may wonder- maybe **extortion, racketeering, bribery, stealing county funds, blackmail?** Could it be because the Nuwaubians would not bow down and

submit to the system of kickbacks that Putnam County has operated on for so long? Could it be because these same officials who sought to block the Nuwaubians are not suffering from Eatonton's economic slump because of their extra sources of "income"?

It is this same fear that has sparked the witch-hunt against Rev. Dr. Malachi Z. York. The case against Rev. Dr. Malachi Z. York and Mrs. Kathy Johnson has nothing to do with the false and ridiculous allegations of molestation. This case is an attempt to stop the Nuwaubians, silencing them so they will not continue to expose and fight Putnam County corruption by attempting to silence their leader. They think by separating the head from the body, the body will crumble, but the Nuwaubians have said OH NO! The Nuwaubians continue to battle the **Putnam County Mafia**, headed by **Godfather Sheriff Howard Richard Sills, the John Gotti of Putnam County**

This is nothing but another bogus "witch hunt" like the one that happened in 1692 in Salem, Massachusetts; the location of the Salem witch trials from which the term "witch hunt" originated. 20 girls, who were dabbling in white magic and became possessed; claims were made

this was the work of a witch. Thus the hunt began for the witch, who did not exist. A minister who had enemies in the town was falsely accused in this hunt, and **Salem, another small town like Putnam, used the witch-hunt to take out personal hatred and vendettas against each other.** Sound familiar? As a result of the **Salem Witch Trials, 14 women and 6 men** were executed unnecessarily. The next major witch hunt was spear headed by **Senator Joseph McCarthy.** The **House Committee on Un-American Activities (HUAC)** held hearings investigate communists in the entertainment industry, resulting in the creation of a blacklist, destroying people's lives and careers permanently, **many of whom were not even communists.** The play **"The Crucible"** (1953) by **Arthur Miller** was about the Salem witch trials and was written in response to these hearings. The play went on to win a **Tony Award**, and HUAC, which was later, appealed and reversed, convicted Miller of contempt. **A communist... a witch... an alleged molester...damning titles all based on hearsay, false accusations, with out any facts or any proof, all seeking to destroy innocent lives, careers and organizations.**

Movement, the new crusade that is being launched by the National Campaign for Tolerance. Every name added to the Wall will serve as a call to action for other Americans of good will to follow your example and join in this great campaign for tolerance and justice. With all this recognition, Morris Dees blatantly overlooked Mr. Jackson's involvement with the Al Mahdi Shrine and labeled the group a hate group. Mr. Jackson has been a public servant for over twenty years and is currently employed as a certified peace officer in the state of Georgia. Mr. Jackson is just one of hundreds of men in this organization that exemplify such honorable character worth national recognition.

One of the biggest arguments to justify the SPLC's stand against the Nuwaubians and any organization associated with them, is that Rev. Dr. Malachi Z. York teaches his

congregation blacks' superiority over whites and that all people of Caucasian descent are the devil. If the SPLC would have done half the research on the Nuwaubians as they have on other hate groups they expose, they would have known that just months before the unjust raid on the Nuwaubian property in May, Rev. York re-published his best selling book titled *Are There Black Devils?* Just one quote from this book dispels any truth in the belief that Rev. York preaches Black supremacy. And I quote, *"I found that in all that I knew, and all the knowledge that I had gained throughout the years, as I looked out I was convinced the Europeans or Caucasians, commonly called the White Man throughout the 60's and 70's, was the Devil. I had a disease called Tunnel Vision, in so far as I did not see African Americans (commonly called the Black Man) as children of the Devil. However, as I said, I was fooled, I was tricked, I was deceived, I was beguiled;*

the Devil is not by some big hairy creature with horns, a tail and a pitchfork, and not by some blonde hair blue-eyed devout Christian. No, I was deceived by my own."

Now, Mr. Morris Dees would rather publish statements from a supposed undated lecture, instead of the most recent, dated lectures Rev. York delivers to his congregation today. After several pages of slanderous remarks that associated Rev. York's congregation to violence and criminal activity, the writer grows a conscience and states, *"None of the allegations have been proven in court."* Yet, a group that claims to promote tolerance published slanderous remarks and labeled all those involved with any of the religious or fraternal organizations associated with Rev. Dr. Malachi Z. York as Black supremacist and criminals. I pose these questions to Mr. Dees and the writers of the "Intelligence Report": are all Catholics pedophiles, are all Black Muslims snipers?

So why associate all Nuwaubians with violence and criminal activity because you may have reason to believe some associated with the organization are criminals. I challenge all those who are reading this article to survey the criminals in the Federal Penitentiary and the State Prisons, all across the country and ask each inmate what is their religion. An alarming number would say Christian, so are all Christians criminals? Where does the SPLC's mission of tolerance begin? It is a huge contradiction to label an organization as "hate group" then honor one of its members for exemplifying a character of tolerance. "Birds of a feather flock together." Concerned members of these prestigious organizations should write the founder of the Southern Poverty Law Center (400 Washington Avenue * Montgomery, AL 36104) to demand the editor to redress his statements in the next edition of the "Intelligence Report."

Putnam County in which God-fearing citizens live. Remember, Sheriff Sills wants to place God on the witness stand with his blasphemous words, *"I'LL SUE GOD ALMIGHTY..."* In the *Eatonton Messenger* on December 9, 1999 A.D., there was an article titled, *"Commission Turns Down Nuwaubian Permit Appeal"* written by Rufus Adair. It quoted Sheriff Sills as saying, *"I'll sue... even GOD almighty."*

They get jobs where they are so cool and cold-hearted, all the while having the number of the beast. As it says in *Revelation 14:9*, those who worship the beast and his image will receive his mark. The mark of the beast is the number of the beast, which is the number of a man *Revelation 13:18*, *"Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his (Man) number is Six hundred threescore and six."* This means that **the devil is a man!!!** The devil and many of his agents are seeking to destroy the children of God such as Rev. York. But just as the devil and

his angels were defeated in *Revelations 12:7* he will be defeated again and justice shall prevail!!! **Wake up everyone, we are living in Biblical times.**

We are living in the LEFT BEHIND days to the letter. In *Luke 17:36* it says, *"Two men shall be in the field; the one shall be taken, and the other left."* Will you get LEFT BEHIND by following the Devil's laws with no regard for human life, or will you follow the law of GOD, who gave you your life? We are in the day and time when the devil is after all religious groups. Wake up preachers! What happened to Rev. York can happen to you! Christ is coming back, so whose laws will you follow? They will attempt to eliminate all those who don't worship the image of the beast. They want to be god, sitting up as "judges" and rulers, just as **Lucifer** wanted to be like the Most High (*Isaiah 14:13-14*).

They want you to listen to their demonic music, respect their ways, and do what they want. If you don't, they put you away or kill you (*John 16:2*). The righteous will be persecuted and put in prison. *Revelation 2:10*, *"Fear none of those things, which*

thou shalt suffer: behold, the devil shall cast some of you into prison, that ye may be tried; and ye shall have tribulation ten days: be thou faithful unto death, and I will give thee a crown of life." This is why they are seeking to defame Rev. Dr. Malachi Z. York; he does not fear them. He will not dress as they dress, act as they act, or do as they do. **He refuses to live in the image and the likeness of the beast.** This is why they are seeking to destroy him. Does this remind you of something or someone? That's right, open your Holy Bibles, The Word of God, and remember The Chief Priests (The Corrupt County Officials) interrogating **John the Baptist**, a Man of God who was a religious man and lived a simple life, but not the life that man wanted him to live. So what did these Chief Priests (The Corrupt County Officials) do? They cast this Man of God into Prison (*Mark 1:14*)! Is this their solution to everything? Yes, because this very thing also happened to Our Lord and Savior Jesus Christ. The Romans decided to crucify **Jesus, the Son of God**, and release **Barabbas**, a common criminal. Barabbas was a prisoner at the time

Jesus was captured by the Romans to be crucified. While Barabbas was imprisoned with Jesus, the people of Rome were asked as to which one of the prisoners would be released for the annual Passover amnesty (amnesty is the release of a federal offender or criminal who goes against the law of the government). With the influence of the chief priest, they decided to release Barabbas. And who do we have as Barabbas for today? People like **Jake York** and **Habiba (Abigail) Washington** and the other co-conspirators being used in the case against **Rev. Dr. Malachi Z. York and the others who are falsely accused with him. Amnesty is now witness immunity.** These modern-day Barabbases are criminals themselves who the state has allowed to be free while they seek to crucify Rev. York. Despite the efforts of the Romans and Jews of that era, Jesus' message lasted, Praise God, and as you can see Rev. York's message and good works continue to stand strong and will be even stronger once he is exonerated of all charges in this case. *"...Suffering may endure for a night but JOY commeth in the Morning"- Psalms 30:5.*
